### **LOCAL GOVERNMENT ATTORNEYS HONORED WITH LGA 2019 SPECIAL PROJECTS AWARD**

The Local Government Attorneys of Virginia, Inc. honored 45 local government attorneys with its 2019 Special Projects Award at its recently concluded spring conference Norfolk. The Award recognizes members who have worked on a project of significant importance to LGA or local government generally. For Spring 2019 LGA was pleased to present the Special Project Award to the local government attorneys who participated in producing the Eighth Edition of the Virginia County Supervisors Manual published by VACo.

The manual is designed to assist county supervisors and other local officials with the performance of their duties by focusing on the most important topics that pertain to local government governance. Updating a 2006 Edition, the manual includes 20 topical areas and over 400 pages of information providing an overview of the powers and duties of local officials in Virginia.

Phyllis Errico of VACo and Dan Siegel and Andrew McRoberts of Sands Anderson PC coordinated the update of the manual, joined by the local government group of Sands Anderson PC, in conjunction with an additional 23 dedicated LGA members. The contributors are listed below, and this monumental project could not have been completed without the contributions of these attorneys who gave of their time to produce this important reference manual for local government officials.
